

Lokesh R

Mechatronics Engineer,
Graphic Designer, Web Developer

SUMMARY

I am the fusion of engineering precision and artistic ingenuity – a Mechatronics maven who speaks the language of pixels, lines of code, and captivating visuals. My passion for design is a perpetual wellspring of innovation, and my ambition knows no bounds.

PATH OF CREATION

AUG 2022 - Present

3Dzine.fx | Coimbatore

3D ANIMATOR

- Implemented design guidelines, naming conventions, and technical constraints to deliver results compliant with industry and platform standards, ensuring seamless user experiences and brand consistency across all digital channels. Conducted modeling and texture optimization for real-time 3D game applications.
- Conceptualized compelling 3D animations, visual effects and motion graphics for logos, symbols, backgrounds and special features.

MAY 2023 - Present

Zero-G | Coimbatore

WEBSITE DEVELOPER

- Designed, implemented and monitored web pages, plugins and functionality for continuous improvement.
- Planned website development, converting mockups into usable web presence with HTML, JavaScript, CSS, and REACT coding.
- Developed technical solutions required to accommodate specific user-facing assets

SEP 2022- SEP 2022

VELUMANI INDUSTRIES | Coimbatore

MANUFACTURING INTERN

- Applied analytical skills and scientific technical principles in problem solving and development.
- Helped improve production methods, determine manufacturing capacity and set up production schedules.
- Confirmed that manufactured work products met customer requirements as designated by company policies and design control procedures.
